

Leadership Contract

I will be on time for meetings, which will be held once a week for approximately one hour. I realize that my Chapter cannot meet without a Leader and an Advisor present. In order to properly plan meetings, I will let my Advisor know in advance if I cannot be at an upcoming meeting.

I agree I will always set a good example for each middle school girl who attends Girl Talk. I realize the girls look up to me and they value my opinion. Therefore, in addition to “walking the walk and talking the talk” in person, I will make responsible choices when posting pictures, comments, status updates online.

I will lend a helping hand, listen and offer wholesome advice to those who seek it. Each semester, I commit to making my community a better place by volunteering a minimum of 10 hours of community service outside of Girl Talk. I realize that I can do my community service project by myself, with my Leaders or include my entire Chapter.

I commit to completing a Girl Talk Monthly Reports in the Leader Login section, no later than the 15th of the following month. What is said in Girl Talk stays in Girl Talk. This is the golden rule. The only time this rule may be broken is if someone has been hurt or might get hurt if the information is not passed on my Chapter Advisor.

I have an Advisor who believes in me and the middle school girls we will be reaching through Girl Talk. We agree to work together and keep a constant line of communication regarding our Chapter. Together we will be resourceful through Girl Talk’s Leader Login site. We will download Lessons & Worksheets, share suggestions, upload pictures, add new users, ask questions when needed & use the tips and resources made available to me to help ensure my Chapter’s success.

Most importantly, I am excited to be a Girl Talk Leader and am doing this to positively impact lives.
